

VISIT TO SOON CHILDREN'S HOME

On Saturday, December 19th, a delegation of four hashers (Gunslinger, Baba Mboga, Femiplan, Fireme) along with a visiting hasher from the Montpelier Hash in France (Hubert) bought foodstuff and delivered these along with clothes, toys and other donations to the Soon Children's Home in Kasarani. The sixteen children who now make Soon their home were overjoyed, as was Mama Lucy, the custodian of the home. The team met with Lucy who gave us a tour of the home and showed us the great contribution that hashers had made this year in terms of electricity provision and the chipboard walls of the structures.
